Subject: Sponsor Opportunity: Heart of a Dinosaur Charity Golf Tournament

We are Heart of a Dinosaur, a nonprofit organization dedicated to supporting families of children facing cardiac challenges. We are thrilled to announce our **1st Annual Heart of a Dinosaur Charity Golf Tournament**, happening **May 16th, 2025**, at the Pleasanton Country Club.

We are currently seeking sponsors to partner with us for this special event.

About Us

Heart of a Dinosaur was created in honor of our son, **Hayden Odell Davis**, whose journey with congenital heart defects inspired us to support other families facing similar challenges. Our mission includes:

- Providing financial assistance for long hospital stays, medications, insurance premiums, cardiac equipment, and, in tragic circumstances, bereavement costs.
- Establishing a specialized cardiac camp where children with heart transplants or conditions can safely experience the joy of summer camp in a supportive and fun environment.

As a 501(c)(3) tax-deductible organization, all donations directly help children with cardiac conditions and their families. Your sponsorship will not only provide essential resources but also ensure Hayden's legacy of love, courage, and hope continues to inspire and support others.

Together, we can make a meaningful difference in the lives of these children and their families. We would be honored to have you join us in this mission by sponsoring our inaugural tournament.

Thank you for your time and consideration. Please feel free to reach out with any questions or for additional details about sponsorship opportunities.

With gratitude,

Victoria Davis
President, *Heart of a Dinosaur*

Our Mission

Heart of a Dinosaur is dedicated to supporting families of children battling cardiac challenges. We provide financial assistance for:

- Long hospital stays
- Costly medications
- Insurance premiums
- Cardiac equipment
- Bereavement costs in the most tragic circumstances

Our vision goes beyond financial relief. We are working to create a specialized cardiac camp, where children with heart transplants and other heart conditions can experience the joy and healing of summer camp. This camp will be designed to meet their unique medical needs, providing a safe, supportive, and fun environment for every child.

Why We Do This

Heart of a Dinosaur was created to honor our son, Hayden Odell Davis, a courageous and loving boy who faced his heart journey with strength and grace. Born with congenital heart defects, Hayden endured multiple surgeries and treatments throughout his life.

In December 2022, we learned his heart was failing. After a long hospital stay and being placed on the heart transplant list, Hayden received a new heart in August 2023. Though his new heart was perfect, his body was unable to respond as hoped. On September 14, 2023, at just 8 years old, Hayden passed away, leaving behind a profound legacy of courage and love.

In his memory, Heart of a Dinosaur was founded to provide ongoing support to children and families facing similar challenges. Every donation goes directly to helping these brave children and their families navigate their heart journeys.

Join Us

We invite you to partner with us by sponsoring our First Annual Golf Tournament. Together, we can make a meaningful difference in the lives of children with cardiac conditions while honoring Hayden's legacy in a way that will continue to bring hope and healing for years to come.
